WHEN: August 1 – August 4, 2017 from 9:00 am to 3:00 pm
WHERE: Naaman Forest High School and Technology Center
4843 Naaman Forest Blvd.
Garland, Texas 75040

INSTRUCTORS: Jim Howie – Certified Mastercam Instructor – Glenbrook ISD, Glenbrook, IL
ATTENDEE COST: Classes are \$400 per person, INCLUDES ALL basic materials for machining. Instructors can receive CEU credits, if applicable.

For the Class to make we need at least 7 participants but no more than 16 – Teaching Systems will alert during the week of July 24th if the class does not make.

Create projects that can be used in your classes next year! Great for the Beginner or Advanced Level CAD/CAM and Machining Instructor. Curriculum and lesson cheat sheets will be provided. A CD with 100's of project ideas will be presented during the class.

This four (4) day project oriented class will utilize Mastercam 2018 Software to learn how to:

1. Bring Graphics into Mastercam using Raster to Vectors.
2. 2D and 3D engrave toolpaths.
3. Use solids in Mastercam to create 3D printable objects.
4. Add Graphics to Solids in 3D printing.
5. Export files to a laser engraver from Mastercam with graphics.
6. Use a CNC mill, 3D printer and a laser engraver to Design and Machine, Print or Burn a project.
7. Special training for creating toolpaths, surfacing and solids in Mastercam as needed for class.
